Dear .....,

Our student informed us that she/he wanted to do her/his internship with you, our dear pharmacist, and completed the necessary paperwork and procedures. You have made us very happy by informing us that you will take care of our students every day and try to answer their job-related questions with the awareness of raising future generations as a necessity of our profession.

As Acibadem Mehmet Ali Aydınlar University, Faculty of Pharmacy, our mission is to have high theoretical and practical competence in the pharmacy profession, and a strong knowledge base in the developing areas of the profession, universally respectful to human rights and the environment, sensitive to safe drug production and consumption, believing in the superiority of science, open to lifelong learning our mission is also to train pharmacists at an international level and to ensure that they are employed and creatively work in every field of pharmacy in our country and in the world.

With the contributions of our strong and experienced academic staff, we aim to equip students to work in every field of the pharmacy profession (academy, pharmaceutical industry, hospital, community pharmacy) as soon as they graduate, by using dynamic and contemporary education programs that encourage the current fields of pharmacy.

In this process, we need the support of our valuable pharmacists like you. We have no doubt that you will provide all kinds of support to our students during their internship. Although we will keep you busy with the paperwork we are requesting, we would like to thank you for being with us on this path, and we want you to know that we are pleased to work in cooperation with you as Acibadem Mehmet Ali Aydınlar University Faculty of Pharmacy.
